**\$25**

## **Brita Hydration Station**

Countertop or free standing. The top name in filtration. Brita's exacting standards filter to 1 micron. Professional, contemporary, extremely stylish, yet affordable. Sediment and GAC activated carbon filtration. Touchless dispensing. High volume unit

## **Brita Reverse Osmosis Cooler**

Medium water volume, high quality. Dual paddle hot and cold dispensing, Reverse Osmosis systems filter methodically through a 4-Stage purification system, finishing with the Brita polishing filter. This is the SAME process that is used for bottled water! Internal filters, we suggest an external tank.

**\$40**

**\$30**

## **Horizons Reverse Osmosis Cooler**

High volume, high quality, high performance premium unit. Touchless delivery, large dispensing area for mugs and pots. Digital lit display, high capacity large tank, Hot/Cold, R/O purification, Ozonator in tank. Visually appealing. IBoil, Accu-Temp, Stay-Cool technologies. Self contained filters. Highly Energy Efficient.

Installation, filter changes and removal all part of monthly quote. Billed quarterly. Models may not be exactly as shown. Optional features (cups, extra large storage tank) may incur additional billing.

\*We also offer multi-unit and refurbished cooler discounts, ask us!
